Accordingly a provision is sought to be introduced in the Articles of Association of the Company to permit the Company to appoint the same individual as Chairperson as well as Managing Director or Chief Executive Officer of the Company.

New Article No. 76A as contained under Resolution No. 10 contains the proposed amendment which gives necessary right to the Board to appoint the same person as Chairman as well as Managing Director or Chief Executive Officer of the Company.

ii. Substitution of existing Article 65(b)

Section 152(6) of the Companies Act, 2013 provides that unless the articles provide for the retirement of all directors at every annual general meeting, not less than two-thirds of the total number of directors of a public company be persons whose period of office is liable to determination by retirement of directors by rotation. Explanation to section 152(6) provides that "total number of directors" shall not include independent directors.

Further, existing Article 65(b) of the Articles of Association of the Company provides that the Managing Director(s) of Company is not liable to retire by rotation.

In order to make the composition of the Board in line with requirements of Section 152 and other relevant provisions of the Companies Act, 2013, it was felt necessary by the Board that the existing Article 65(b) of the Articles of Association of the Company be suitably amended to provide that Managing Director of the Company be made liable to retire by rotation.

Accordingly, substitution of existing Article 65(b) is sought with new proposed Article 65(b) for necessary amendment in this respect as contained under Resolution No.10.

Pursuant to provisions of Section 14 of the Companies Act, 2013, any amendment(s) to the provisions of Articles of Association of the Company requires the approval of the members by way of Special Resolution.

Other than Mr. Jitendra Tuli, Chairman and Managing Director of the Company and his relatives, none of the Directors, Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the resolution set out at Item no. 10 of this Notice.

The Board recommends the special resolution as set out in Item No. 10 of this Notice for approval of members of the Company.

Item No. 11

The Board of Directors of the Company (the 'Board'), at its meeting held on November 13, 2013 have, subject to the approval of members, re-appointed Mr. Jitendra Tuli, as Managing Director of the Company, w.e.f. Accordingly, the said re-appointment of Mr. Jitendra Tuli is in compliance of all the conditions set out in Part-1 of Schedule XIII of the Companies Act, 1956 and Part-I of Schedule V to the Companies Act, 2013 as also conditions set out under sub-section (3) of Section 196 of the Companies Act, 2013 for being eligible for his re-appointment as Managing Director of the Company.

Keeping in view of his long association as member of the Board/Committee(s) and his vast expertise and knowledge, it will be in the interest of the Company to re-appoint Mr. Jitendra Tuli as Managing Director of the Company.

The above may be treated as a written memorandum setting out the terms of re-appointment of Mr. Jitendra Tuli under Section 190 of the Companies Act, 2013.

DIRECTORS' REPORT

Your directors have pleasure in presenting this 124th Annual Report together with the Audited Financial Statements of your Company for the year ended March 31, 2014.

ECONOMIC AND INDUSTRY SCENARIO

The Indian economy, with vast potential, faces many challenges. The economic landscape in 2013 continued to be under pressure with year-on-year growth in gross domestic product declining to below 5 percent, primarily accounted from agriculture and services. On the contrary, industry growth through the year remained flat. High interest rates, low policy visibility, delayed environmental clearances, issues around land acquisitions and fuel linkages, along with increasing inflation continued to impact global investor confidence in India.

During the year, the rupee depreciated to an all-time low. Towards the end of the year, certain focused measures by the government and central bank, helped to bring in some positive trends as the rupee stabilized, exports increased, current account deficit declined and project clearances were fast-tracked.

The slow GDP growth appears to have bottomed out and with the formation of new government, economic growth is expected to accelerate in the next fiscal 2014-15.

Rating agency, CRISIL has forecasted a 6% GDP growth for financial year 2014-15 compared with an expected 4.8% for financial year 2013-14. This forecast is premised on normal monsoons, continuation of the recent reform process and widely anticipated global recovery. On the downside, growth could weigh in below 5% yet again if the above assumptions do not play out.

In view of the above, the Company remains cautiously optimistic in its outlook.

MANAGEMENT DISCUSSION AND ANALYSIS

TEXTILE DIVISION

Industry Structure and Developments

The textile industry is one of the oldest industries and has a very strong presence in Indian economy. Cotton is one of the principal crops of the country and a major raw material for the textile industry. The growth pattern of the Indian textile industry in the last decade has been considerably higher than previous decades, primarily on account of liberalization of trade and economic policies initiated by the Govt. in the 1990s. The Fiscal duty structure of the textile industry has also influenced, to a great extent, the growth and structure of the industry. The Indian textile industry is predominantly cotton based. India is the third largest producer of cotton globally, following China and USA.

The growth in the production of textile fibres has facilitated the growth of the spinning sector. Industrial delicensing and liberalization policies coupled with freedom from unfair competition from the unorganized sector accelerated the process of setting up spinning units in the organized sector in recent years.

The textile sector is the second largest provider of employment after agriculture. Thus, the growth and all-round development of this industry has a bearing on the improvement of the economy of the nation.

Outlook

The outlook for the textile industry in India is very optimistic and is expected to continue to grow at an impressive rate. It is being modernized by an exclusive scheme, Revised Restructured-Technology Upgradation Fund Scheme (RR-TUFS), extended by the Govt. The spinning industry is also the largest beneficiary under RR-TUFS. The spinning industry is very labor intensive and India has a competitive advantage on this front vis-à-vis developed countries. Hence, the spinning industry is slowly getting weaker in developed countries. India, along with other third world countries in Asia is becoming the main production center of yarn.

Financial and Operational Performance

The performance of the Textile Division for the year ended March 31, 2014 is as follows:

7	Depreciation (Rs in lacs)	(1107)	(988)
8	Profit before Tax (Rs in lacs)	4512	4302

Manpower Development

The Division has always maintained cordial and healthy industrial relations. The training of employees is a continuous and integrated process. Prior to training, the competency of each employee is assessed to identify their potential. Training and mentoring programs are designed accordingly. The belief in investing in training today is to create tomorrow's leaders. Continuous efforts to improve the quality and productivity of the processes are being pursued under the TQM umbrella, in order to promote the culture of excellence.

Risk & Concerns

Rupee appreciation, workforce shortage and inadequate grid power supply are the major concerns. However, the Division has taken several initiatives like improving productivity by autonomous maintenance, rationalization of workforce, TQM, employee training and development etc.

Safety

The Division accords highest priority in maintaining the best safety practices and standards. The Division's commitment towards safety, health and environment has been clearly stated in the Safety, Health and Environment Policy ('SHE Policy'). The Division has constituted a SHE Committee that meets periodically to assess the safety of the plant and health of employees. The workers' participation in SHE Committee is helping in formulation and effective implementation of safety and health programmes. The Division ensures that the employees use proper Personal Protective Equipment (PPE) at work.

Environment

The Division is very conscious of its responsibility towards creating, maintaining and ensuring a safe and clean environment. It adheres to all regulatory requirements and guidelines at all the times. The plant is located in a lush green environment including green belts, floriculture, fruit orchards and general forestry plantation.

Social Responsibility

The Division is running a school in the campus up to the 10th standard as part of social responsibility and as a good corporate citizen. There are 450 students on the rolls in different classes. The school is recognized and affiliated to the Haryana Board of School Education. The management of the school is continuously striving to provide quality education to its students with a view to develop good citizens to the society as a whole.

Internal Controls

The Division follow a proper and adequate system of Internal Controls to ensure that all assets are safeguarded against loss from unauthorized use or disposition and that all transactions are authorized, recorded and reported correctly. The focus on creating a paperless work environment has increased productivity, de-risked operations and reduced errors as data is captured at the point of transaction. The internal control systems are supplemented by Internal Audits and review of the same by an Audit committee at the corporate level.

IT DIVISION

Industry Overview

The total IT-BPM (Information Technology - Business Process Management) revenues in 2013-14, as per NASSCOM were USD 118 billion out of which export contributed USD 86 billion and domestic market was USD 32 billion. The break-up of these figures was - USD 64 billion for IT services, US 22 billion for BPM and the remaining was for hardware, engineering design and software products. Compared to the previous year the overall growth was about 8% - 9% which was driven by more than 12% growth in exports but there was a decrease of 1% in domestic IT.

The IT-BPM sector has a relative share of 8.1% of the country's GDP, and is the largest private sector employer with 3.1 million people in direct employment out of which more than 1 million are women. This sector has also attracted the largest PE/VC investments at more than USD 2.4 billion. To promote a balanced growth, 99 IT SEZs are being opened in tier-II & tier-III cities.

Remote Infrastructure Management forms the fastest growing segment within the exports of IT-BPM services, amounting to approximately USD 12 billion. The IT Division provides Remote Infrastructure Management Services to its clients in the US from India and this is the high growth area that we are specifically focusing on for the future.

In the domestic market, as stated earlier, there was a decrease of 1% from last year. With a decisive majority, it is expected that the new government will take steps to improve the domestic economy and revive industrial activity.

The macro-economic indicators remain positive and India will continue to support various global economies with both knowledge and process expertise.

Opportunities & Outlook

Technologies like Social Media, Mobility, Analytics and Cloud, also called SMAC in industry parlance, are on the verge of exploding. Due to these technologies customer business models will change and could create new verticals with a host of new opportunities. On the other hand mature technologies like the internet will continue to create more value propositions.

India retains its number one position as the world's leading sourcing location for IT-BPO services, despite the rise of several alternate sourcing locations. As per a recent study by NASSCOM, India will continue to sustain its cost advantage for around 15-18 years in the outsourcing market.

The US economy is back on track with massive new job creations and all-time low unemployment figures. Certain sectors of industry have been showing growth rates of over 5%. This is creating a positive impact on the minds of buyers, who are now once again looking at increasing their IT spending through tech refresh projects with new opportunities in the areas of virtualization, monitoring, security etc. Our business has a large dependence on the US businesses and revival of the US economy augurs well for the future prospects of the IT Division.

Based on market conditions and the growth prospects which exist both in India and the US, the IT Division is consistently investing resources to build new capabilities which complement the core area of IT infrastructure management. These investments are being made to target newer areas like the Cloud and Analytics and should help the Division to grow faster.

Financial & Operations Overview:

The financial performance of the IT Division for the year ended March 31, 2014 is as follows:

		Rs in Lacs	
S. No.	Particulars	(12 months) 2013-2014	(12 months) 2012-2013
1.	Sales & Other Income	6479	4500
2.	Total Expenditure	(5981)	(4273)
3.	Profit before finance cost, Depreciation, Amortisation & Tax	498	227
4.	Finance Cost	(37)	(55)
5.	Depreciation & Amortizations	(22)	(21)
6.	Profit before Tax	439	151

The India centric operations grew by 34% over the previous year, in spite of the decrease of 1% in the domestic industry. The Overseas operations recorded around 32% growth in dollar terms. Overall improvement in volumes, better margins on exports, coupled with favourable exchange rate has helped in the improvement of financial performance during the year.

During the year the Division added new customers as well as increased the amount of business from existing customers. Exports of Infrastructure services showed good growth during the year. Over the last year the Division has also been involved in sourcing, training, deploying and managing on turnkey basis requirements of one of the largest IT companies in the world. This will ensure a consistent revenue stream for the Division for the next couple of years. Today some of the largest companies in the NCR region use the Division's services for managing their IT environment.

Manpower Development /Industrial Relations

The Division's business model is manpower-centric and involves providing high-end technical services to clients in the field of IT Infrastructure Services. Availability of skilled & employable resources continues to be a major challenge, both in the US & in India. Hence it is necessary to train and upgrade the skills of our manpower resources to meet the business requirements. The Division has an in-house Competency Center to impart hands-on training to employees in various IT Infrastructure skills. This in-house capability is the backbone of operations.

Risks and Concerns

- The Division's objective is to have high customer engagement and get an ever-increasing share of the customer's business. However, this means that few customers are responsible for a large percentage of the revenues. The Division is consciously trying to diversify the customer base so as to insulate its revenues and profitability from changes in fortunes or business policies of its customers.
- Any restrictions/ dis-incentives on offshoring if imposed by the US government might have a major impact on the business of the Division.
- Since a major part of the transactions are in foreign exchange, the exchange rate fluctuation has a direct and significant impact on profitability. Any appreciation in the Indian Rupee will have a direct adverse impact on both the revenues and profits of the Division.
- Availability of manpower with necessary skills is a big risk in both US and India.

Adequacy of Internal Control Systems

The operations of the Division are spread across different geographies, including India and the USA. Hence commensurate internal controls have been instituted that are regularly upgraded in-line with the changes in the regulatory and control requirements. The Division has adequate control systems and internal policies, for order processing, legal compliances, employee recruitment and management, maintenance services and security systems to safeguard its IT infrastructure.

Cautionary Note

Statements in the Management Discussion and Analysis describing the Division's objectives, estimates or projections may be forward looking statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Division's operations include changes in the main client's purchase procedures, changes in Government regulations, tax regimes, economic outlook in India and US and other incidental factors.

**INDEPENDENT AUDITORS' REPORT
TO THE MEMBERS OF DCM LIMITED**

Report on the Financial Statements

We have audited the accompanying financial statements of DCM LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 ("the Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 in terms of General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs) and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2014;
- (b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Emphasis of Matter

We draw attention to note 30 of the financial statements which explains in detail the position of the "Scheme of Restructuring and Arrangement", sanctioned by the High Court of Delhi as further modified vide its Order dated April 28, 2011 (hereinafter referred to as SORA) and the status of its implementation. The SORA provides that it is required to be implemented as a whole and in totality. The effect of the financial and business restructuring, as envisaged in the above Scheme, has already been considered in preparing the accounts by the Company during the previous years except for the sale of rights in the Company's land development project, which, as per SORA, is subject to certain definitive agreements. Although the Company has entered into the definitive agreements during the previous years, one

of such agreements, viz., "leasehold definitive agreement" has not become effective pending compliance with certain conditions contained therein and therefore, the corresponding transaction has not been effected in the accounts. The management has confirmed to us that the conditions contained in the "leasehold definitive agreement" would be complied and would not result into any adverse impact on the financials of the Company or on the successful implementation of the SORA. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003 ("the Order") issued by the Central Government in terms of Section 227(4A) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by Section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement comply with the Accounting Standards notified under the Act (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 in terms of General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs).

SIGNIFICANT ACCOUNTING POLICIES & NOTES TO THE FINANCIAL STATEMENTS

1. Significant accounting policies

a) Accounting convention:

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Section 211(3C) of the Companies Act, 1956 ("the 1956 Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 ("the 2013 Act") and the relevant provisions of the 1956 Act/ 2013 Act, as applicable. The financial statements have been prepared on accrual basis under the historical cost convention except revaluation of certain plots of land. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

b) Operating cycle:

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalent, the company has determined its current operating cycle as 12 months for the purpose of classification of its assets and liabilities as current & non-current.

c) Use of estimates:

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the financial statements and reported amounts of income and expenses during the year. Example of such estimates include provisions for doubtful debts, future obligations under employee retirement benefit plans, provision for income taxes and the useful lives of fixed assets. Contingencies are recorded when it is probable that a liability will be incurred and the amount can be reasonably estimated. Actual results could differ from such estimates. The differences between the actual results and estimates are recognised in the year in which the results are known/ materialized. Any revision to accounting estimate is recognised prospectively in current and future period.

d) Fixed assets:

Fixed assets, other than certain plots of land, which have been revalued, are stated at cost of acquisition/ construction less accumulated depreciation. The cost includes all pre-operative expenses and the financing cost of borrowed funds relating to the construction period in the cases of new projects and expansion of existing factories. Certain lands, which are revalued, are stated at revalued figures on the basis of valuation reports of approved valuers.

e) Impairment:

At each Balance Sheet date, the Company reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

f) Depreciation and amortisation:

(i) The Company follows straight-line method of depreciation in respect of buildings / plant and machinery and all assets of IT Division and written down value method in respect of other assets.

(ii) The rates of depreciation charged on all fixed assets are in accordance with the rates specified in Schedule XIV to the Companies Act, 1956, except (excluding those relating to IT Division) in the following cases:

a) Vehicles, office and other equipment – 33.33%

(Other than computers)

b) Assets acquired upto June 30, 1986

– Plant and machinery – Rates prescribed under the Income-tax Rules, 1962, at the time of acquisition of such assets.

– Factory buildings – 3.39%

– Other buildings – 1.64%

iii) On assets sold, discarded, etc., during the period/year, depreciation is not provided up to the date of sale/discard.

iv) Depreciation has been calculated on a pro-rata basis in respect of acquisition/installation of all assets of the IT Division and on plant and machinery in other cases. Depreciation on remaining assets is provided for full year / period irrespective of the date of acquisition.

v) Leasehold improvements are amortised over the balance of the primary lease period.

vi) The intellectual property rights are amortised on a straight-line basis, based on management estimates of useful life varying from 1 to 5 years, commencing from the month in which the asset is available to the Company for use.

vii) Computer software are amortised over a period of 5 years.

g) Investments:

Long-term investments are valued at cost unless there is a permanent fall in the value thereof.

h) Inventories:

i) Stores, spares and components are valued at cost or under.

ii) Raw materials, process stocks, finished goods and stock in trade are valued at lower of cost and net realisable value.

iii) Land (for development) on conversion into inventory from fixed assets is valued at the lower of its historical cost and net realisable value, and includes appropriate share of land development expenses and finance cost of borrowed funds relating thereto.

Cost of inventories, other than land (for development), is ascertained on the weighted average basis. Further, in respect of the manufactured inventories, i.e., process stocks and finished goods, appropriate share of manufacturing expenses are included on absorption costing basis.

Work in process relating to software contracts includes salary and other directly identifiable expenses incurred on fixed price contracts, till the completion of specified deliverables, and are valued at cost or net realisable value, whichever is lower.

- i) Revenue recognition:
- i) Sale of goods is recognised at the point of despatch of finished goods to customers which coincides with the transfer of risk and reward of ownership. Sales are inclusive of excise duty and exclusive of sales tax.
 - ii) Revenue from software development contracts is recognised on the basis of milestone achieved, as provided in the contract.
 - iii) Revenue on maintenance contracts is recognised on pro-rata basis linked with the period of contract.
 - iv) Services income is recognised on accrual basis, as provided in the contracts.
 - v) In respect of Land Development Project, sale of rights on outright basis is recognised in the year of such sale.
 - vi) Interest income is recognised using the time proportion method.
- j) Excise duty:
Excise duty on sales is being deducted from gross sales and any increase/ decrease in excise duty on finished goods are being shown separately in the statement of profit and loss.
- k) Research and development expenditure:
The revenue expenditure on research and development is expensed out in the year in which it is incurred. Expenditure, which results in creation of capital assets, is treated as similar to expenditure on other fixed assets.
- l) Employees' benefits:
- i) Short term employee benefits are charged off at the undiscounted amount in the year in which the related service is rendered.
 - ii) Post employment and other long term employee benefits are charged off in the year in which the employee has rendered services. The amount charged off is recognised at the present value of the amounts payable determined using actuarial valuation techniques. Actuarial gain and losses in respect of post employment and other long term benefits are charged to statement of profit and loss.
- m) Provisions, contingent liabilities and contingent assets:
A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. A contingent liability is disclosed where there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Company does not recognize assets which are of contingent nature. However, if it has become virtually certain that an inflow of economic benefits will arise; the asset and related income are recognized in the financial statements of the period in which the change occurs.
- n) Earnings/(loss) per share:
Basic earnings/(loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.
For the purpose of calculating diluted earnings/(loss) per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
- o) Taxes on income:
Income-tax liability is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income tax Act, 1961.
Deferred tax is recognised, on timing difference, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or subsequent periods.
Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised if there is virtual certainty that there will be sufficient future taxable income available to realize such losses.
- p) Foreign exchange transactions:
- i) Transactions in foreign currency are recorded at the exchange rates prevailing on the date of the transaction.
Monetary items denominated in foreign currency are reported using the closing exchange rates on the date of the balance sheet.
The exchange differences arising on settlement of monetary items or on reporting these items at the rates different from the rates at which these were initially recorded / reported in previous financial statements, are recognised as income / expense in the period in which they arise, except for exchange differences arising during construction period on restatement of foreign currency liabilities incurred in relation to the project which are adjusted in cost of fixed assets.
In case of forward exchange contracts, the premium or discount, arising at the inception of such contracts, is amortised as income or expense over the life of the contract and the exchange difference on such contracts, i.e., difference between the exchange rate at the reporting / settlement date and the exchange rate on the date of inception of contract / the last reporting date, is recognised as income / expense for the period except for exchange differences arising during construction period on restatement of foreign currency liabilities incurred in relation to the project which are adjusted in cost of fixed assets. Derivatives not covered in AS -11 are marked to market at balance sheet date and resulting loss, if any, is recognized in the statement of profit and loss in view of the principle of prudence.
 - ii) In respect of financial statements of integral foreign operations of foreign branches, fixed assets are recorded at cost, based on the exchange rate prevailing on the date of transactions. Current assets and current liabilities are reported using the exchange rates on the date of the balance sheet. Incomes and expenses are translated at the average of monthly closing rates of exchange. The resultant exchange gains / losses are recognised in the statement of profit and loss.

30. In terms of the Scheme of Restructuring and Arrangement approved by the Delhi High Court vide its order dated October 29, 2003 under section 391-394 of the Companies Act, 1956 (Act) and subsequent modification thereto vide Delhi High Court order dated April 28, 2011 (hereinafter referred to as SORA), the Company as envisaged thereunder has:
- with effect from April 1, 2001, spun off Engineering business into a subsidiary i.e. DCM Engineering Limited and merged a wholly owned subsidiary into the Company with effect from April 1, 1999.
 - entered into definitive agreement on February 16, 2004 with Purearth Infrastructure Limited (PIL), a co-promoted company, for sale of development rights in freehold and leasehold land at Bara Hindu Rao/Kishanganj for a total consideration of Rs. 28,820 lacs includes Rs. 3,400 lacs on account of leasehold land out of which Rs. 2,400 lacs is subject to certain minimum profits being earned by PIL from the leasehold land. The status of these agreements is as under:
 - In terms of the Freehold Definitive Agreement dated February 16, 2004, the Company had, during the year 2003-04, recognised the sale of development rights to PIL in freehold land at Bara Hindu Rao for a consideration of Rs.14,449.92 lacs (excluding the outstanding of Rs.10,962.08 lacs against the sale of rights aggregating Rs. 39,567 lacs in the Previous years).
 - The "Leasehold Definitive Agreement" dated February 16, 2004 has technically not come into effect as the conditions to make the agreement effective are yet to be complied with. As a result, the Company has considered prudent not to recognize the sale of development rights in leasehold land and has carried forward the same at its estimated net realisable value as " Land (for development)" under the head inventories in Note 16.

Consequent to the above, in terms of the SORA and the definitive agreements referred to as above, all rights and obligations with respect to development of freehold land have been taken over by PIL including the obligation towards advances received by the Company in the previous years against sale of flats on installment payment basis. Further, the provision for contingencies aggregating Rs. 501.74 lacs carried forward from the previous years to cover the expenses to be incurred in relation to the above project has been utilized/ adjusted during the previous year.
 - Since, in terms of para 43 of the SORA, it cannot be implemented partially as, by its very nature, it would be implemented as a whole and in totality and that in the event any part of the SORA, either in part or in whole, is not capable of implementation, the whole SORA will have no effect. The management has confirmed to the auditors that the conditions contained in the leasehold definitive agreement (See (b) above) would be complied with and would not result in any adverse impact on the financials of the Company or on the successful implementation of the SORA.
 - The Company has in the previous years accounted for the impact of financial restructuring, resulting in rescheduling/ waiver of interest/ principal, including the modification of security terms, if any, with regard to partly convertible debentures, non convertible debentures, loans from Financial Institutions and certain inter corporate deposits as envisaged in the SORA.
 - After considering the effect of Delhi High Court order dated April 28, 2011, the Company, has complied with the debt repayment obligations including in respect of debentures, deposits, loans and related interest and where such amount has not been claimed by the concerned party, deposited an equivalent amount into a 'No Lien /Designated Account' with scheduled banks. INDEPENDENT AUDITORS' REPORT TO THE BOARD OF DIRECTORS OF DCM LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of DCM LIMITED (the "Company"), its subsidiaries and joint venture (the Company, its subsidiaries and joint venture constitute "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2014, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

The Company's Management is responsible for the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

Attention is invited to note 40, wherein it has been explained that Purearth Infrastructure Limited (joint venture) has received advances during earlier years aggregating Rs. 3,730.08 lacs for certain bookings in Plaza 4 of Central Square project and has presented these as 'advances from customers' (share of the Group in these advance of joint venture are amounting Rs. 612.26 lacs). The joint venture has not provided for likely losses, if any, in respect of these bookings. As explained by the management of joint venture, it is not practicable to determine likely loss on these sale bookings as the management is yet to draw a construction plans for Plaza 4 of Central Square project as also the resultant price escalations and other recoveries in terms of the Scheme of Restructuring and understanding arrived at with the booking holders of this project. Pending the determination of such amounts, we are unable to determine the impact, if any, of such accrual.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph above*, and based on the consideration of the reports of the other auditors on the financial statements / financial information of the subsidiaries, joint venture referred to below in the Other Matter paragraph, the aforesaid consolidated financial statements give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2014;
- (b) in the case of the Consolidated Statement of Profit and Loss, of the profit of the Group for the year ended on that date; and
- (c) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Emphasis of Matter

We draw attention to note 31 of the consolidated financial statements which explains in detail the position of the "Scheme of Restructuring and Arrangement", sanctioned by the High Court of Delhi as further modified vide its Order dated April 28, 2011 (hereinafter referred to as SORA) and the status of its implementation. The SORA provides that it is required to be implemented as a whole and in totality. The effect of the financial and business restructuring, as envisaged in the above Scheme, has already been considered in preparing the accounts by the Company during the previous years except for the sale of rights in the Company's land development project, which, as per SORA, is subject to certain definitive agreements. Although the Company has entered into the definitive agreements during the previous years, one of such agreements, viz., "leasehold definitive agreement" has not become effective pending compliance with certain conditions contained therein and therefore, the corresponding transaction has not been effected in the accounts. The management has confirmed to us that the conditions contained in the "leasehold definitive agreement" would be complied and would not result into any adverse impact on the financials of the Company or on the successful implementation of the SORA. Our opinion is not qualified in respect of this matter.

Other Matter

We did not audit the financial statements of DCM Engineering Limited, DCM Finance & Leasing Limited, DCM Textiles Limited, DCM Tools & Dies Limited, DCM Realty Investment & Consulting Limited, DCM Data Systems Limited and Purearth Infrastructure Limited, whose financial statements reflect total assets (net) of Rs.29,281.71 lacs as at March 31, 2014, total revenues of Rs.42,963.84 lacs and net cash flows amounting to Rs. 80.08 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on the reports of the other auditors.

Our opinion is not qualified in respect of this matter.

2. Significant accounting policies

- a) Basis of accounting and preparation of consolidated financial statements:

The consolidated financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under Section 211(3C) of the Companies Act, 1956 ("the 1956 Act") (which continue to be applicable in respect of Section 133 of the Companies Act, 2013 ("the 2013 Act") and the relevant provisions of the 1956 Act/ 2013 Act, as applicable. The consolidated financial statements have been prepared on accrual basis under the historical cost convention except revaluation of certain plots of land. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the previous year.

- b) Operating cycle:

Based on the nature of products/ activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalent, the Group has determined its current operating cycle as 12 months for the purpose of classification of its assets and liabilities as current & non current.

- c) Use of estimates:

The preparation of consolidated financial statements requires the management of the Group to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to the contingent liabilities as at the date of the consolidated financial statements and reported amounts of income and expenses during the period. Example of such estimates include provisions for doubtful debts, future obligations under employee retirement benefit plans, provision for income taxes and the useful lives of fixed assets. Contingencies are recorded when it is probable that a liability will be incurred and the amount can be reasonably estimated. Actual results could differ from such estimates. The differences between the actual results and estimates are recognised in the year in which the results are known / materialized. Any revision to accounting estimate is recognised prospectively in current and future period.

- d) Fixed assets:

Fixed assets, other than certain plots of land, which have been revalued, are stated at cost of acquisition/ construction less accumulated depreciation and impairment loss if any. The cost includes all pre-operative expenses and the financing cost of borrowed funds relating to the construction period in the cases of new projects and expansion of existing factories. Certain lands, which are revalued, are stated at revalued figures on the basis of valuation reports of approved valuers.

- e) Impairment:

At each Balance Sheet date, the Group reviews the carrying amounts of its fixed assets to determine whether there is any indication that those assets suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the asset and from its disposal are discounted to their present value using a pre-discount rate that reflects the current market assessments of time value of money and the risks specific to the asset.

- f) Depreciation and amortisation:

(i) The Group follows straight-line method of depreciation in respect of buildings / plant and machinery and all assets of IT Division and DCM Engineering Limited and written down value method in respect of other assets (including all assets of PIL).

 - viii) Real estate projects in PIL are recognised as under:
 Revenue is derived from sale of rights in property (Units) under development and is recognized in relation to the sold units only upon transfer of significant risks and rewards of ownership of such property as per the terms of the contract entered into with the buyers. A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. A contingent liability is disclosed where there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. The Group does not recognize assets which are of contingent nature. However, if it has become virtually certain that an inflow of economic benefits will arise; the asset and related income are recognized in the financial statements of the period in which the change occurs.

o) Earnings/(loss) per share:

Basic earnings/(loss) per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings/(loss) per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

p) Taxes on income:

Income-tax liability is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income tax Act, 1961.

Deferred tax is recognised, on timing difference, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or subsequent periods.

Deferred tax assets in respect of unabsorbed depreciation and carry forward of losses are recognised if there is virtual certainty that there will be sufficient future taxable income available to realize such losses.

q) Foreign exchange transactions:

i) Transactions in foreign currency are recorded at the exchange rates prevailing on the date of the transaction.

Monetary items denominated in foreign currency are reported using the closing exchange rates on the date of the balance sheet.

The exchange differences arising on settlement of monetary items or on reporting these items at the rates different from the rates at which these were initially recorded / reported in previous consolidated financial statements, are recognised as income / expense in the period in which they arise, except for exchange differences arising during construction period on restatement of foreign currency liabilities incurred in relation to the project which are adjusted in cost of fixed assets.

In case of forward exchange contracts, the premium or discount, arising at the inception of such contracts, is amortised as income or expense over the life of the contract and the exchange difference on such contracts, i.e., difference between the exchange rate at the reporting / settlement date and the exchange rate on the date of inception of contract / the last reporting date, is recognised as income / expense for the period except for exchange differences arising during construction period on restatement of foreign currency liabilities incurred in relation to the project which are adjusted in cost of fixed assets. Derivatives not covered in AS -11 are marked to market at balance sheet date and resulting loss, if any, is recognized in the statement of profit and loss in view of the principle of prudence.

Notes forming part of the consolidated financial statements continued

- ii) In respect of consolidated financial statements of integral foreign operations of foreign branches, fixed assets are recorded at cost, based on the exchange rate prevailing on the date of transactions. Current assets and current liabilities are reported using the exchange rates on the date of the balance sheet. Incomes and expenses are translated at the average of monthly closing rates of exchange. The resultant exchange gains / losses are recognised in the statement of profit and loss.

31. In terms of the Scheme of Restructuring and Arrangement approved by the Delhi High Court vide its order dated October 29, 2003 under section 391 - 394 of the Companies Act, 1956 (Act) and subsequent modification thereto vide Delhi High Court order dated April 28, 2011 (hereinafter referred to as SORA), DCM Limited as envisaged thereunder has:

- a) with effect from April 1, 2001, spun off Engineering business into a subsidiary i.e. DCM Engineering Limited and merged a wholly owned subsidiary into the DCM Limited with effect from April 1, 1999.
- b) entered into definitive agreement on February 16, 2004 with Purearth Infrastructure Limited (PIL), a co-promoted Company, for sale of development rights in freehold and leasehold land at Bara Hindu Rao/Kishanganj for a total consideration of Rs. 28,820 lacs includes Rs. 3,400 lacs on account of leasehold land out of which Rs. 2,400 lacs is subject to certain minimum profit being earned by PIL from the leasehold land. The status of these agreements is as under:
 - In terms of the Freehold Definitive Agreement dated February 16, 2004, DCM Limited had, during the year 2003-04, recognised the sale of development rights to PIL in freehold land at Bara Hindu Rao for a consideration of Rs.14,449.92 lacs (excluding the outstanding of Rs.10,962.08 lacs against the sale of rights aggregating Rs. 39,567 lacs in the previous years).
 - the "Leasehold Definitive Agreement" dated February 16, 2004 has technically not come into effect as the conditions to make the agreement effective are yet to be complied with. As a result, DCM Limited has considered prudent not to recognize the sale of development rights in leasehold land and has carried forward the same at its estimated net realisable value as " Land (for development)" under the head inventories in notes 17 of the consolidated financial statement.

Consequent to the above, in terms of the SORA and the definitive agreements referred to as above, all rights and obligations with respect to development of freehold land have been taken over by PIL including the obligation towards advances received by the DCM Limited in the previous years against sale of flats on installment payment basis. Further, the provision for contingencies aggregating Rs.501.74 lacs carried forward from the previous years to cover the expenses to be incurred in relation to the above project has been utilized / adjusted during the previous year.

- c) Since, in terms of para 43 of the SORA, it cannot be implemented partially as, by its very nature, it would be implemented as a whole and in totality and that in the event any part of the SORA, either in part or in whole, is not capable of implementation, the whole SORA will have no effect. The management has confirmed to the auditors that the conditions contained in the leasehold definitive agreement (See (b) above) would be complied with and would not result in any adverse impact on the financials of DCM Limited or on the successful implementation of the SORA.
 - d) DCM Limited has in the previous years accounted for the impact of financial restructuring, resulting in rescheduling/ waiver of interest/ principal, including the modification of security terms, if any, with regard to partly convertible debentures, non convertible debentures, loans from Financial Institutions and certain inter corporate deposits as envisaged in the SORA.
 - e) After considering the effect of Delhi High Court order dated April 28, 2011, DCM Limited has complied with the debt repayment obligations including in respect of debentures, deposits, loans and related interest and where such amount has not been claimed by the concerned party, deposited an equivalent amount into a 'No Lien / Designated Accounts' with scheduled banks. Aggregate of amount so deposited as at the year end is Rs. 331.86 lacs (Previous year: Rs. 655.42 lacs).
32. Estimated amount of contracts remaining to be executed on capital account (net of capital advances) and not provided for in the consolidated financial statements aggregate Rs. 3,065.64 Lacs (Previous year: Rs. 1,323.26 Lacs), including share of joint venture Rs. 9.03 lacs (Previous year : Rs. 35. During the financial period 1992-93, DCM Limited revalued its land pertaining to its unit Hissar Textile Mills, Hissar, as of April 1, 1990, the date when DCM Limited was re-organised, on the basis of valuation carried out by an approved valuer. This revaluation resulted in a surplus of Rs. 969 lacs, which was credited to the revaluation reserve, already adjusted in previous years.

36. Capital advances includes Rs. 870.55 Lacs (Previous year: Rs. 870.55 Lacs) paid during the previous year to a party to acquire certain property under construction at New Delhi. The construction was a matter of litigation between the Builder and the local authorities. The High Court of Delhi has allowed the builder to construct the property subject to certain conditions. The management is confident that the advance paid to acquire the property is good and fully recoverable.

37. In the previous years, DCM Limited's claim for the refund of an Inter Corporate Deposit amounting to Rs.100 lacs against a body corporate was settled by the body corporate by issuing, in terms of an arbitration award, 0% non-cumulative, non-voting, redeemable preference shares of Rs.100 each to DCM Limited, redeemable within 20 years. The management is confident that the investment acquired by DCM Limited in preference shares of the body corporate is good and fully recoverable.

38. The Group's significant operating lease arrangements, entered into subsequent to March 31, 2001, are in respect of premises (residential, office, stores, godown, etc.). These leasing arrangements, which are cancellable, are renewable at mutually agreeable terms. The lease rentals charged as rent aggregate Rs. 185.91 lacs (Previous year: Rs. 209.49 lacs) under note 28.

39. The schedule of provisions as required to be disclosed in compliance with Accounting Standard-29 on "Provisions, Contingent liabilities and Contingent Assets" is as under:

40. The construction work by PIL on Central Square Project, i.e. on Plaza 1, 2 and 3, has commenced and actual cost incurred has reached milestones to enable recognition of revenue. Completion certificates of Plazas 1 and 3 of Central Square have been received from the appropriate authority and are now operational. PIL had started development activities in Plaza 4 in earlier years. With regard to its residential project, the PIL during an earlier year, entered into a Joint Development Agreement (JDA) with M/s Basant Projects Limited (Unity) for joint development of the PIL's Residential Project (Park Square) at Kishanganj, Delhi.

PIL, during earlier years, had made certain sale bookings of units in its Park Square and Central Square projects and is expected to incur losses on these sale bookings. PIL has recognized likely losses amounting to Rs. 543.95 lacs on such sale bookings of units forming part of Plaza 1, 2 and 3 of Central Square project and Rs. 860.35 lacs on such sale bookings of units forming part of Park Square project.

PIL has also received advances Rs. 3,730.08 lacs for sale bookings of units in Plaza 4 of Central Square project and has presented these as 'advances from customers' under other current liabilities (share of the Group in these advance of joint venture are amounting Rs. 612.26 lacs). The management of PIL is yet to draw up construction plans for Plaza 4 of Central Square project as also cannot determine the resultant revenue including price

escalations and other recoveries in terms of the Scheme of Restructuring and understanding arrived with the booking holders in respect of these bookings at this stage. Thus, the PIL's management has not been able to estimate the likely losses for such bookings under the plaza 4 of Central Square project and hence has not provided such losses in the financial statements of PIL.

41. Capital work-in-progress includes Rs. 17.10 lacs (previous year Rs. 212.94 lacs) on account of borrowing costs capitalised during the year.
42.
